ADJUTANT AND INSPECTOR GENERAL'S OFFICE, {

RICHMOND, April 5, 1863.

EXECUTIVE ORDER, (Circulars,)
No. 37.

1. The following Act of Congress, concerning "impressments," and the instructions of the War Department respecting it, are published for the information and direction of all concerned:

"Whenever the exigencies of any army in the field are such as to make impressments of forage, articles of subsistence or other property absolutely necessary, then such impressments may be made by the officer or officers whose duty it is to furnish such forage, articles of subsistence or other property for such army. In cases where the owner of such property and the impressing officer cannot agree upon the value thereof, it shall be the duty of such impressing officer, upon an affidavit in writing of the owner of such property, or his agent, that such property was grown, raised or produced by said owner, or is held or has been purchased by him, not for sale or speculation, but for his own use or consumption, to cause the same to be ascertained and determined by the judgment of two loyal and disinterested citizens of the city, county or parish in which such impressments may be made—one to be selected by the owner; one by the impressing officer; and in the event of their disagreement, these two shall choose an umpire of like qualifications, whose decision shall be final. The persons thus selected, after taking an oath to appraise the property impressed, fairly and impartially (which oath, as well as the affidavit provided for in this section, the impressing officer is hereby authorized to administer and certify,) shall proceed to assess just compensation for the property so impressed, whether the absolute ownership or the temporary use thereof only is required.

"SEC. 2. That the officer or person impressing property as aforesaid, shall, at the time of said taking, pay to the owner, his agent or attorney, the compensation fixed by said appraisers; and shall also give to the owner, or person controlling said property, a certificate, over his official signature, specifying the battalion, regiment, brigade, division or corps to which he belongs, that said property is essential for the use of the army, could not be otherwise procured, and was taken through absolute necessity; setting forth the time and place when and where taken, the amount of compensation fixed by said appraisers, and the sum, if any, paid for the same. Said certificate shall be evidence for the owner, as well of the taking of said property for the public use, as the right of the owner to the amount of compensation fixed as aforesaid. And when said officer or person taking said property shall have failed to pay the owner or his agent said compensation so herein before required, then said owner shall be entitled to the speedy payment of the same by the proper disbursing officer; which, when so paid, shall be in full satisfaction of all claim against the government of the Confederate States.

"SEC. 3. Whenever the appraisal provided for in the first section of this act shall, for any reason, be impracticable at the time of said impressment, then and in that case the value of the property impressed shall be assessed as soon as possible by two loyal and disinterested citizens of the city, county or parish, where in the property was taken, chosen as follows: One by the owner, and one by the Commissary or Quartermaster General, or his agent, in case of disagreement, shall choose a third, the two of like qualifications, as an umpire, to decide the matters in dispute, who shall be sworn as aforesaid, who shall hear the proceedings by the parties as to the value of said property, and assess a just compensation therefor, according to the testimony.

"SEC. 4. That when earth, stone or any other material of a nature that it is necessary to take private property for public use, by reason of the impracticability of procuring the same by purchase, so as to accumulate a large supply for the army or the need of the service, in any locality, he may, by general order, through the proper commanding officer, authorize such property to be taken

for the public use; the compensation due the owner for the same to be determined and the value fixed as provided for in the first and second sections of this act.

"SEC. 5. That it shall be the duty of the President, as early as practicable after the passage of this act, to appoint a commissioner in each state where property shall be taken for the public use, and request the Governor of such of the states in which the President shall appoint said commissioner to appoint another commissioner, to act in conjunction with the commissioner appointed by the President, who shall receive the compensation of eight dollars per day, and ten cents per mile as mileage, to be paid by the Confederate Government. Said commissioners shall constitute a board, whose duty it shall be to fix upon the prices to be paid by the government for all property impressed or taken for the public use as aforesaid, so as to afford just compensation to the owners thereof. Said commissioners shall agree upon and publish a schedule of prices every two months, or oftener if they shall deem it proper; and in the event they shall not be able to agree in any matter confided to them in this act, they shall have power to appoint an umpire to decide the matter in dispute, whose decision shall be the decision of the board; and said umpire shall receive the same rate of compensation for the time he shall serve, allowed to said commissioners respectively; *Provided*, that said commissioners shall be residents of the state for which they shall be appointed; and if the Governor of any state shall refuse or neglect to appoint said commissioner within ten days after a request to do so by the President, then the President shall appoint both commissioners, by and with the advice and consent of the Senate.

"SEC. 6. That all property impressed or taken for the public use, as aforesaid, in the hands of any person other than the persons who have raised, grown or produced the same, or persons holding the same for their own use or consumption, and who shall make the affidavit as herein before required, shall be paid for according to the schedule of prices fixed by the commissioners as aforesaid. But if the officer impressing or taking for the public use such property, and the owner, shall differ as to the quality of the article or property impressed or taken as aforesaid, thereby making it fall within a higher or lower price named in the schedule, then the owner or agent and the officer impressing or taking, as aforesaid, may select each a loyal and disinterested citizen, of the qualifications as aforesaid to determine the quality of said article or property, who shall, in case of disagreement, appoint an umpire of like qualifications, and his decision, if approved by the officer impressing, shall be final; but if not approved, the impressing officer shall send the award to the commissioners of the state where the property is impressed, and his reasons for disapproving the same, and said commissioners may hear such proofs as the parties may respectively adduce, and their decision shall be final; *Provided*, that the owner may receive the price offered by the impressing officer, without prejudice to his claim to receive the higher compensation.

"SEC. 7. That the property necessary for the support of the owner and his family, and to carry on his ordinary agricultural and mechanical business, to be ascertained by the appraisers, to be appointed as provided in the first section of this act, and no oath, shall not be taken or impressed for the public use; and when the impressing officer and the owner cannot agree as to the quantity of property necessary as aforesaid, then the decision of the said appraisers shall be binding on the officer and all other persons.

"SEC. 8. Where property has been impressed for temporary use, and is lost or destroyed, without the default of the owner, the Government of the Confederate States shall pay a just compensation therefor; to be ascertained by appraisers appointed and qualified as provided in the first section of this act. If such property, when returned has, in the opinion of the owner, been injured whilst in the public use, the amount of damage thereby sustained shall be determined in the manner prescribed in the third section of this act, the officer returning the property being authorized to act on behalf of the government, and upon such enquiry, the certificate of the value of the property, when originally impressed, shall be received as *prima facie* evidence of the value thereof.

"SEC. 9. Where slaves are impressed by the Confederate Government for labor on fortifications or other public works, the impressment shall be made and the government according to the rules and regulations, provided in the

missions designated in the 5th section of the act aforesaid, shall not be standing be legal, and in the cases provided for by that section, a portion of the property shall be retained as samples, so that the price may be settled and compensation adjusted according to the provisions of the act.

Richmond, May 18, 1863.

1. Impressments made either to supply the immediate wants of an army in the field, or to accumulate quartermaster's supplies in depots, must always be made through officers of this department, or their subordinates, and not by company or regimental officers.

2. Authorities granted by the Quartermaster General will be in writing; and when an impressment is made under orders from a commanding officer of a post or detachment, the certificate of the impressing officer must describe him as such, stating the name of the post, or of the command to which the detachment belongs.

3. When it shall be impracticable to appraise property at the date of the impressment, any officer of this department, on the presentation of certificates in Form No. 2, signed by a quartermaster or impressing agent, may act on behalf of the Quartermaster General, and proceed to have an appraisement made in accordance with section 3 of the above act.

4. In no case will any officer causing an appraisement to be made of impressed property, fail to endorse thereon his approval, or disapproval with reason therefor, as required by law.

5. The schedule of prices, established every two months or oftener, by the Board of Commissioners for each State, will be published in the daily papers for the information of parties making impressments; and no officer or agent will pay, or approve for payment, any local appraisement materially in excess thereof, but will always refer the same to the board for its revision and a final valuation.

6. Slaves can be impressed only for the purposes mentioned in section 9 of the act, and subject to the provisions of that and the section immediately following it.

7. Any supplies needed by this department, and tendered thereto by the authorities of any county, or a committee therein, in accordance with the spirit of the President's Proclamation and the Regulations prescribed by the Secretary of War, will be accepted by quartermasters, and paid for at prices not exceeding those announced in the schedule adopted by the Board of Commissioners.

8. The following Forms, described as Impressment Forms, Nos. 1, 2, 3, may be obtained, as other forms are had, on requisitions; or they may be printed by officers in cases of necessity. They should be closely adhered to.

9. The above accounts, when paid, will form vouchers as for purchases to Abstract A, and the property received will be charged to the impressing officer, and must be taken up by him in his returns, and accounted for as in the case of ordinary purchases.

10. When partial payment only is made by the impressing officer, vouchers therefor may be taken in the ordinary way, in Form No. 12, stating on the face thereof that the property was impressed and that the payment is made on account instead of in full.

11. In the exceptional cases, as with transportation, when the temporary use only of the property is impressed, the above forms can be so modified as to show that fact, and the rate of hire as well as the value of the property should be stated. Any subsequent appraisement to determine the value of alleged injury to the property while in the use of the government, should be endorsed on the original certificate.

12. General Orders, No. 33, apply only when the property remains on hand. Supplies impressed prior to the date of the impressment act, March 25, 1863, and consumed, will be paid for as heretofore, subject to the rates announced in the schedule adopted by the War Department.

13. In determining the values to be paid under the schedules of the Board of Commissioners, reference will be had to the prices specified therein at the date of the impressment, and not that of payment.

14. When irregular impressments or purchases are made by regimental or company officers, and so vouched as to come within the rule prescribed by the comptroller (see Appendix to New Regulations Q. M. Dept. p. 185,) the property may be paid for by any quartermaster, at rates not exceeding those established by the schedule of the Board of Commissioners.

15. When the claim is not immediately paid, and the certificate shows either that the owner is entitled to schedule prices, or that no appraisement was had at the time of the impressment, or that the local appraisement had is approved, the above form in duplicate shall be delivered to the claimant. But when the local appraisement is not approved, one voucher shall be delivered to the claimant, and the other shall be forwarded to the Board of Commissioners. When the latter is endorsed with the Board's final valuation, and returned for payment, the paying officer will take up with it the duplicate in the possession of the claimant.
